

June Electroglide

28 June 2009

Here we are, a week late! Last Saturday, the regular day for the Electroglide came up "SuperJuneGloomy" !! -- a 15 knot wind out of the south and a heavy mist (read -- Rain!) So, for the first time in almost 10 years, we postponed the contest a week. And look what we came up with! Perfect Electrogliding weather. Conditions were superb. Almost all pilots got near the 15 minute max for all three flights , yet conditions were not so strong that the sailplanes flew out of sight. Surface winds were moderate moderate and sot landings abounded!. Bob Stinson, winner of the Standard Class scored on all three landings!. Everyone seemed to agree that this was one of the best if not the best Electroglides that we've ever had. Stay tuned, summer is here, and we will see lots more days like this.

Note the popularity of the Standard Class (Radians)! Maybe some of you who have not been flying with us recently will want to enter, flying in the SD Electroglide -- a good chance to score up high. Those Radian flyers are a tough group!!!

We will be back to our regular schedule -- the third Saturday -- next month in July, the exact date, the 18th, with the first toss at 9:30. Plan to join us for the fun.

Don Wemple

Open Class

Pilot	Glider type	motor/battery	Toss 1	Toss 2	Toss 3	Total
Andy Reynolds	Chrysalis HLG-e	Scorpion 2008-30, 2CLipo	77	84	39	200
